

How to Assign Work in Canvas

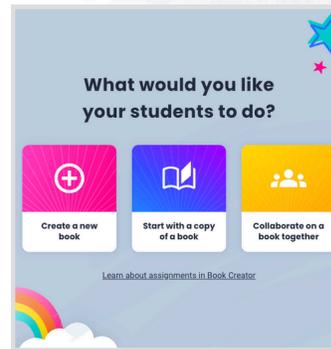

Effortlessly assign tasks and provide instant feedback directly within Canvas using our seamless integration.

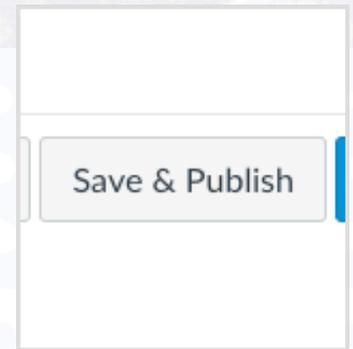

Step 1: Create Canvas assignment. Under "Submission Type," select "External Tool."

Step 2: Click "Find," then select "Book Creator" from the list of available tools.

Step 3: Choose your preferred method for creating the assignment.

Step 4: Follow the setup wizard until completion. Save and publish the assignment.

***NOTE that this feature is currently available to school and domain users only**
